DEPARTMENT OF ENVIRONMENT

Olga-Ioanna Kalantzi is an Associate Professor of Environmental Chemistry and Toxicology at the Department of Environment of the University of the Aegean in Lesvos, Greece. Her research focuses on the environment-health nexus, with a focus on chemical exposure, green and blue spaces, climate change and vulnerable populations. She has been an Associate Editor of *Environment International* for more than a decade, as well as editor of *Heliyon Environment* and guest editor of *Chemosphere*.

During this seminar she will present tips on how to write a paper for publication, based on her extensive experience as editor of a top tier journal in Environmental Sciences (IF 11.8).
