

MBC² - An International Workshop on

Model Based Clustering and Classification

Catania – 5-7 September 2012

Scientific Committee: Andrea Cerioli (*Università di Parma, Italy*)
Salvatore Ingrassia (*Università di Catania, Italy*)
Angela Montanari (*Università di Bologna, Italy*)
Roberto Rocci (*Università di Roma "Tor Vergata", Italy*)

Keynote Lecturers: Trevor Hastie
Stanford University, USA
Friedrich Leisch
University of Natural Resources and Life Sciences Vienna, Austria
Geoff McLachlan
University of Queensland, Australia
Paul D. McNicholas
University of Guelph, Ontario, Canada
Jeroen K. Vermunt
University of Tilburg, The Netherlands

Paper Sessions: Clustering models in economics and finance
Clustering models in education
Computational issues in mixture modeling
Methodological developments for discrete and mixed type data
Methodological developments in mixture modeling
Mixture models for ordinal categorical and mixed type data
Robust clustering

Workshop site: Auditorium Collegio d'Aragona,
Via Mons. Ventimiglia 184, 95129 Catania (Italy)
